Web guidelines:

1. Before building the site, what is my objective
2. Content is king
3. Writing for the Web = Keep it brief
4. Create a consistent look and feel
5. Simplicity is a virtue

6. Don't make your user think any more than he/she has to
7. Test Site, Test site!
8. Factors affecting people's decision to stay or leave the site
9. Layouts and formats
10. Visual presentation
11. Content usability
12. Trends
